## EVERY GIFT MAKES A DIFFERENCE

The Monument Health Foundation strengthens the health of our communities by building a culture of generosity. In partnership with Monument Health, we aspire to excellence in health care through gifts of engagement and purpose. We share the values of Monument Health and maintain a high level of accountability and dedication.

IT IS UP TO US TO LIVE UP TO THE LEGACY THAT WAS LEFT FOR US,  
AND TO LEAVE A LEGACY THAT IS WORTHY OF OUR  
CHILDREN AND OF FUTURE GENERATIONS.

CHRISTINE GREGOIRE

**PAULETTE  
DAVIDSON**

Monument Health  
President and CEO

**Donors:**

I extend my sincere gratitude to you for your support over the past year. It has been a time of unexpected change, and your generosity has helped us overcome what COVID-19 has brought to the communities we serve.

COVID-19 and its variants have brought challenges and tragedy. I believe it has also brought out the best in our organization. We quickly adjusted our operations to meet the needs of our communities. We planned for situations that we could not have predicted. I've witnessed our values firsthand: trust, respect, compassion, community and excellence. I've also witnessed selflessness, teamwork, flexibility, agility, empathy, resilience, understanding ... and the list goes on.

I witnessed our caregivers open their own wallets and hearts to help their fellow coworkers. Our Caring for our Caregivers fund supported team members as they struggled with their own health due to COVID-19. It also helped caregivers who were suddenly homeless due to a house fire or helped with the financial burden of flying home to attend to a parent in the last days of life.

Our communities continued to support events that were held in a non-traditional fashion. Some were moved to an online format, and some had to be cancelled. Thank you for your continued support for Tough Enough to Wear Pink, the Hospice Tree of Lights, the Northern Hills Hospice

**A LETTER FROM PAULETTE DAVIDSON**

Ball, Rush Fights Cancer, the CMN Mediathon and our golf tournaments.

The Foundation's greatest accomplishment over the past year was the completion of our Cancer Care Institute capital campaign. Each day, more than 160 cancer patients receive care at the Monument Health Cancer Care Institute — from across western South Dakota, North Dakota, Nebraska, Colorado, Montana and Wyoming. The current Cancer Care Institute has outgrown its space, and with the community's support construction is well underway to double the space and add new cancer care services. This expansion will serve our communities for generations to come.

As you read through our Donor Report, you will see the impact your donations have on our Monument Health services and patients. Because of you Monument Health will continue to make a difference in the lives of others. Every day.

Your dedication to supporting health care within our communities is immeasurable. We know it starts with heart. Thank you for trusting Monument Health to do good work on your behalf.

**PAULETTE DAVIDSON**  
President and CEO,  
Monument Health

SOMEONE IS SITTING IN THE SHADE TODAY BECAUSE  
SOMEONE PLANTED A TREE A LONG TIME AGO.

WARREN BUFFETT

**ROBIN  
ZEBROSKI**

Vice President,  
Foundation and  
Branding Strategy

I want to begin by thanking Pat Burchill for volunteering as Acting President until January, when I was granted the privilege of leading the Foundation.

As I reflect on the COVID-19 era of the Monument Health Foundation's history, I see innovation, teamwork, creative thinking and wonderful community generosity.

Throughout the COVID-19 pandemic, our Foundation was forced to think differently. We had to cancel or postpone the majority of our signature fundraising events or convert them to online formats. Being nimble and pivoting as needed became part of our ongoing work, and thinking outside of the box became the norm. With your support, we introduced new and creative ideas, and together we were able to raise more to support our patients and their families than ever before.

I'm confident that in years to come we will look back and remember this year as one of reinvention. A year that everything changed; yet nothing stopped us from serving our patients and their families.

A LETTER FROM ROBIN ZEBROSKI

As I look forward, I see exciting and inspiring changes every day. Just as our community is growing, the Foundation continues to expand its impact and reach. I'm honored to be part of this important work along with a committed, talented team and a dedicated group of board members.

And I am so very grateful for the generosity of donors like you. Thank you for choosing to invest, through the Foundation, in Monument Health's mission to Make a Difference. Every Day. The lives of our patients, their families, friends and neighbors have been enriched through your gifts. Your contributions ensure that the Foundation can continue to provide Monument Health with cutting-edge technology and programs, and to ensure our community's legacy of caring keeps pace with our community growth.

**ROBIN ZEBROSKI**

Vice President,  
Foundation and Branding Strategy

A LETTER FROM WAYNE KLEIN

WAYNE KLEIN

Monument Health  
Foundation Board Chair

Of the many things that have changed over the past 18 months, I reflect on a truism: change is a constant and change is inevitable. I'm proud to see how the Monument Health organization has evolved and pivoted throughout COVID-19 to support our communities.

As I write this letter as the newly appointed Chair of the Monument Health Foundation, I feel honored to serve in this new capacity and help the Foundation raise funds for generations to come. Previous Chair, Pat Burchill has fulfilled his term as Board Chair and will remain on the Board as Immediate Past Chair. Pat left big shoes to fill, and I am committed to continuing the hard work and professionalism Pat committed to the Foundation team, and to Monument Health as a whole.

I am pleased to announce that J.D. Williams has also been voted in as Vice Chair for the Foundation Board. J.D. and I understand that the success of the Foundation is dependent on our community's generosity. Contributions from foundations, businesses, donors

and friends enable Monument Health to purchase lifesaving equipment, enhance critical health care programs and develop educational and patient outreach support.

I am constantly amazed at the diversity and far-reaching impact of purchases made with your donated dollars. Every dollar goes to better the lives of others and I remain committed to work with the Monument Health Foundation Board to make certain that all contributions are used wisely and appropriately.

Thank you for being a friend of the Monument Health Foundation – together, we're making a difference for generations to come.

Thank you.

WAYNE KLEIN

Monument Health Foundation  
Board Chair

A LETTER FROM JOHN (J.D.) WILLIAMS

JOHN (J.D.)  
WILLIAMS

Monument Health  
Foundation Board  
Vice Chair

I am honored to have been selected to serve as Vice Chair for the Monument Health Foundation Board. After several years of serving as a board member, I have been impressed with the momentum the Foundation gained as it moved into the Cancer Care Institute expansion project and helped to raise funds during the COVID-19 pandemic. Even now, I watch and listen to the reports at our board meetings, and I am impressed as the Foundation adapts and changes while looking forward to other projects and events that will impact patient care.

Donations to the Monument Health Foundation come from many individuals and families in the community, helping us build for generations to come. We receive funds from organizations of all sizes – from two-person businesses to large regional and national corporations. The outpouring of donations to our Cancer Care Institute expansion was

amazing, and the continued support of our Children's Miracle Network and Hospice campaigns support impacts the lives of the patients and families we serve.

I am grateful that the Foundation and Monument Health are prepared for whatever changes may come. I encourage you to take part in our fundraising efforts and to learn how your donations change lives. Together, we will help Monument Health stay ready and able to Make a Difference. Every Day.

Thank you.

# MARKET REPORTS

**MARK  
SCHMIDT**

President,  
Custer,  
Lead-Deadwood  
Markets

## CUSTER, LEAD-DEADWOOD

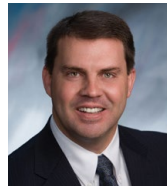

As we look back over this last year, it was with community support and encouragement that Monument Health Lead-Deadwood and Custer met and overcame many challenges. The continued gifts, notes of appreciation and prayers motivated and recharged our caregivers and physicians.

Last year, Monument Health Custer highlighted new physicians that joined the medical staff, increasing support for the community's growing health needs. Additionally, we looked for ways to enhance the patient and family experience, such as the Healing and Wellness Garden. It has been rewarding to

see patients, visitors and families enjoy the amenities it offers.

Monument Health Lead-Deadwood also highlighted new physicians joining the medical staff, and we look forward to additional physicians joining this fall and next year. We saw the growing need to serve community members at home, and responded by growing our community paramedicine program. With additional partnerships we hope to continue enhancing this program in the future.

The collaborative spirit we enjoy with our communities is critical to our continued success and we thank all who join in our mission.

**JOHN  
PIERCE**

President,  
Rapid City Market

## RAPID CITY

No one would deny that we have faced challenges over the past year, but we've also seen some remarkable positivity as well, much of which is thanks to you. Your donated dollars are helping to expand and transform the Cancer Care Institute as well as helping our smallest, most vulnerable patients by purchasing needed equipment for the NICU. Thanks to you, we were also able to create a safer environment in our Hospice

House by installing safer flooring and upgrading security. We also created scholarships and helped in many other areas of Rapid City Hospital.

Every day we are grateful for your continued support. You help bring rhythm to a heartbeat. You help bring comfort to those living their last days. You help bring new life to our world. You help us keep changing, so we will be here for generations to come.

**MARK  
SCHULTE**

President,  
Sturgis Market

## STURGIS

This past year was a challenging on many levels. The team at Monument Health Sturgis rose to the occasion, and thankfully we have emerged stronger than ever. We greatly appreciate all the support that our community and surrounding areas have given.

As we emerged from our first wave of the pandemic, we took on one of our most ambitious projects yet — a long overdue remodel of the Sturgis Hospital Emergency Department (ED). The upgrade delivered a larger footprint, new private rooms and a negative air pressure system to protect patients and caregivers from the spread of infectious diseases. Without the Monument Health Foundation and Greater Sturgis

Lifecare Foundation, this project would not have happened.

Upon completion of our ED remodel, we also went live with Avera eCare Emergency services, primarily funded through the support of the Helmsley Charitable Trust's Rural Health Program. This telemedicine service will provide our team with another set of eyes and ears during critical situations, such as in the event of trauma, heart attack or stroke.

The partnerships we have forged with our community are bringing best-of-class facilities and technology to what is already an outstanding team of health care providers. We continue to be blessed by all your support.

**THOMAS  
WORSLEY**

President,  
Spearfish Market

## SPEARFISH

Over the past year, Spearfish has continued to pull together and show its resiliency. Monument Health has been fortunate to not only partner with our communities, but also to be the recipient of countless acts of generosity and kindness.

The giving that has taken place through the Monument Health Foundation has exemplified this spirit of kindness. Over the past year the Foundation has made valuable contributions to the Northern Hills Hospice program through the purchase of furniture for volunteer training and grief counseling areas.

The Foundation continues to support children's literacy programs and provided books for kids, distributed through well-child checks and pediatric visits. The Foundation also supported Spacelab remote monitoring systems, allowing our health care professionals to provide the highest level of care for the patients that we serve.

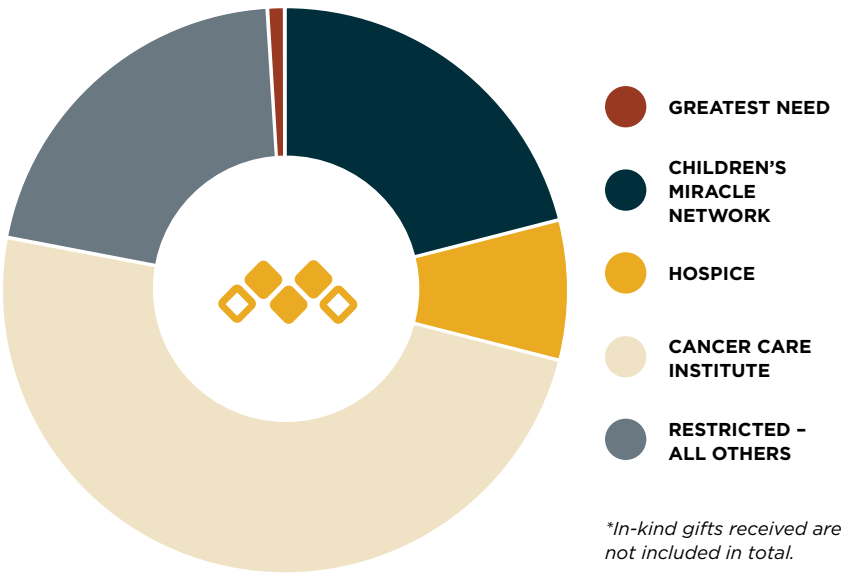

These are just a few outstanding examples of how the Monument Health Foundation, the health care system and the community have come together for the wellness of our community.

# RESTRICTED AND GREATEST NEED FUND ALLOCATIONS

The Monument Health Foundation is responsible for all fundraising programs and serves as the liaison between Monument Health and our family of benefactors. Your gifts help us provide the highest quality of care to our patients. This support makes the broadest possible impact on health care in our communities. One hundred percent of your gift is used for programs, patient care environments or equipment.

From July 1, 2020 to June 30, 2021, the Monument Health Foundation distributed more than \$1.9 million in donations for vital medical equipment, patient support programs and other services.

**100%** OF YOUR GIFT IS USED for programs, patient care environments or equipment

- Funds donated to the Monument Health Foundation have been used to support the following markets:**
- Custer Hospital
  - Lead-Deadwood Hospital
  - Rapid City Hospital
  - Spearfish Hospital
  - Sturgis Hospital

  - Pain Management
  - Patient and Family Crisis
  - Patient Mobility Services
  - Pediatrics
  - Cancer Care Institute
  - Rehabilitation Institute
  - Respiratory Services
  - USD West River Medical Student Scholarships

The Monument Health Foundation honors Kate Frye for her strong fight against cancer and for helping raise awareness of prevention and local cancer care services.

# CANCER TREATMENT FOR GENERATIONS

## CANCER TREATMENT FOR GENERATIONS

## THE “TOGETHER WE CAN” CAMPAIGN

Monument Health Foundation surpassed \$8.5 million Together We Can capital campaign goal to support the Cancer Care Institute expansion. More than \$2 million was received from 1,100 donors in four months.

Residents across the Black Hills will receive state-of-the-art cancer treatment at Monument Health for generations thanks to the generous donations of community members across our region. Monument Health Foundation completed the Together We Can, capital campaign in support of Cancer Care Institute expansion project in April.

Monument Health Foundation announced the \$8.5 million capital campaign in January with a Foundation commitment of \$6.5 million in previously raised funds and a pledge to raise an additional \$2 million.

During a groundbreaking ceremony in April, the Foundation announced they had surpassed this goal. More than 1,100 donors gave to the campaign, said Robin Zebroski, Vice President of Foundation and Brand Strategy.

“It’s been so heartwarming to see our community come together and recognize the impact this expansion project will have. Thank you all for helping make this vision a reality,” she said. “Every gift makes a difference – contributions big and small have come from patients and caregivers; businesses and foundations. Thank you to every single person that opened their hearts and offered dollars to make our dream a reality.”

The two largest donations were from the Dakota Charitable Foundation in honor of Ray Hillenbrand and the Monument Health Rapid City Hospital Auxiliary. The campaign was co-chaired by then-Foundation Board Chair Pat Burchill and Dr. Daniel Petereit.

The expansion project will double the size of the current facility and will enable CCI to improve patient comfort, take a multidisciplinary approach to treatment and provide more high-quality cancer care — close to home. The project is expected to be completed by summer of 2023.

“This project is about making sure cancer care is available close to home for thousands of patients each year,” said Paulette Davidson, President and CEO of Monument Health. “A cancer diagnosis upends a person’s life like few other things can. I am so proud to know that we are building a place that will allow us to care for more patients here in our local community.”

Thank you to all who contributed and helped make this vision a reality to improve how we deliver treatment to cancer patients in the Black Hills.

“A cancer diagnosis upends a person’s life like few other things can. I am so proud to know that we are building a place that will allow us to care for more patients here in our local community.”

**PAULETTE DAVIDSON**

President and CEO,  
Monument Health

“Where flowers bloom, so does hope.”

LADYBIRD JOHNSON

## THE CANCER CARE INSTITUTE HEALING GARDEN

The Healing Garden will sit just west of the main entrance at the Monument Health Cancer Care Institute. It will feature an abundance of plant life and rock outcroppings that will evoke feelings of a walk in the Black Hills.

The space will be separated by decorative metal screens to reduce sound from the outdoor dining area and will feature a shaded contemplation space to allow for rest

and reflection during stressful moments. The area will also have ample room for integration of sculpture or other pieces of art in the future.

Monument Health Foundation is currently raising funds to support this effort for our cancer patients. Visit [monument.health/foundation](https://monument.health/foundation) to learn more and donate today.

# CARING PRACTITIONER BECOMES GRATEFUL PATIENT

WENDY ASHER'S STORY

“I was blindsided by this unexpected diagnosis,  
and he helped me believe I could do this hard thing.”

WENDY, ON THE CARE FROM DR. ERIC EASTMO

**WENDY ASHER** spent her 40-year career caring for others, first as a nurse, and for the past 20 years as a pediatric nurse practitioner at Monument Health Rapid City Hospital. In the fall of 2020, her colleagues began caring for her.

After an abdominal ultrasound showed masses in Wendy's liver, a series of scans and biopsies revealed tumors scattered throughout her body. Unsure of where to begin, she sent a message to Eric Eastmo, M.D., at Monument Health's Cancer Care Institute asking for an oncologist recommendation.

“I can't think of a better description than this,” she said. “He simply started driving my bus.” Dr. Eastmo ordered additional tests and confirmed the diagnosis he suspected: lung cancer with extensive metastatic disease.

Wendy credits Dr. Eastmo with her rapid diagnosis, and especially with providing the support she needed. She said, “I was blindsided by this unexpected diagnosis, and he helped me believe I could do this hard thing.”

A week later, Wendy met with Dr. Abdel-Ghani Azzouqa at Monument Health's Cancer Care Institute. “I have worked with literally hundreds of physicians over the past 40 years as a nurse and a nurse practitioner, but I have seldom seen a physician who creates a better experience for patients in a stressful situation,” she said.

Treating cancer takes a team, and her entire care team is special to Wendy. She mentioned Oksana Anand, M.D., Valerie Stephens, M.D., Thomas Habbe, M.D., Katie Michelson, CNP, Mary Ann Fredrickson, MSW, nurses, patient navigators and many more. Wendy said that they all provided outstanding care at Monument Health Cancer Care Institute. “Literally every person with whom I have interacted goes above and beyond to make my experience exceptional,” she said.

Wendy started cancer treatment in November 2020 with oral medication targeted specifically to her tumor's genetic makeup. Six months into treatment her scans

showed complete therapeutic response: her primary tumor and all metastases were invisible on scans. She knows this isn't permanent and she will continue to have a long road ahead as a cancer patient, but for now she feels well and even took a trip to England this summer to visit her sister.

The amazing care Wendy received moved her to give back.

She sought out Monument Health Foundation to learn more about the “Together We Can” campaign in support of the Cancer Care Institute expansion.

“I decided that I wanted to make a donation to the Together We Can campaign when I received the campaign mailer,” Wendy said. “I know that I would not feel as good as I currently feel, and certainly might not be here today, if it were not for this facility and these people.”

Wendy's generous donation will go to help build the healing garden just outside the main entrance of the expanded Monument Health Cancer Care Institute.

“Gardens and flowers hold special meaning to me and to my family,” she said. “They have always been places of peace, calm and healing for us. I look forward to the creation of such a healing space for cancer patients and their families.”

# PROVIDING FOR FUTURE GENERATIONS

PROVIDING FOR FUTURE GENERATIONS

## SMALL WONDERS

**Monument Health brings miracles to children as a Children's Miracle Network Hospital. But, even small wonders don't come easily. Your donations help provide live-saving equipment to our tiniest patients.**

Children's Miracle Network works to fund medical equipment, services and programs for ill and injured children. The hospital's Pediatrics Unit, Neonatal Intensive Care Unit and Advanced Care Pediatrics are the primary areas that benefit from your support.

### NICVIEW

Since 2015, the NICVIEW web camera system has been a vital piece of equipment in the Neonatal Intensive Care Unit (NICU) at Rapid City Hospital.

Childbirth is an emotional event for parents and families, particularly when a newborn's first few critical days, weeks or even months are spent in the NICU. Parental joy can be tempered by the unease of separation and the stress of fitting in regular visits.

Bonding between parents and their new baby is as important in the NICU as it is at home. When a baby is cared for in the NICU and can't be together with the parents all the time, bonding can be a challenge. Video streaming with NICVIEW helps families feel more involved right from the start, making them partners in the process of giving their hospitalized infant the best start in life.

The NICVIEW system consists of a simple unobtrusive camera mounted close to baby's bed that delivers streamed video images around the clock, so families can watch their newborn anytime. Livestreaming is only available to specified users, using passwords issued by the NICU staff. NICU staff can post notes in view of the camera to share information about baby's activities. Parents are able to watch over their baby and feel connected even if miles apart. It's the next best thing to being there.

This past year, after six years of providing 24/7 video streaming, the original camera system needed to be replaced with newer equipment and software. Thanks to Children's Miracle Network supporters, along with the Rapid City Hospital Volunteer Auxiliary, the new NICVIEW 2 system was purchased for the NICU, and all 20 cameras were upgraded to

the new technology.

Providing this special equipment ensures that for many years to come parents can be connected and see their newborns receiving the best care possible.

TOTAL AMOUNT  
RAISED FOR 2021  
MEDIATHON

\$93,312

### CMN MEDIATHON

Donors, sponsors and supporters alike came together on June 11, to help make miracles happen for Monument Health's youngest patients. This year's event raised \$96,312, surpassing last year's total and the goals set by the Monument Health Foundation.

Mediathon is a yearly campaign that benefits the Children's Miracle Network program at Monument Health.

Throughout the day, HomeSlice Media Group Radio Stations – 93.9 The Mix, KAT 98.7, The FOX 100.3, 104.7 The Cowboy and Hot 93.1 – along with KNBN NewsCenter1, presented miracle stories featuring children from the area. Along with these stories, Monument Health caregivers spoke about how families in our region benefit from community support through donations to Children's Miracle Network at Monument Health.

"We are very grateful for the support of every individual and organization who chose to give to this year's Mediathon campaign. These are trying times, and we appreciate that our donors understand that kids can't

wait. They need our help now more than ever," said Shawn Powers, Program Manager, Children's Miracle Network.

Every dollar raised through Mediathon and Monument Health Foundation's fundraising efforts stays local, helping our Black Hills communities.

TOTAL AMOUNT  
RAISED FOR 2020  
EXTRA LIFE

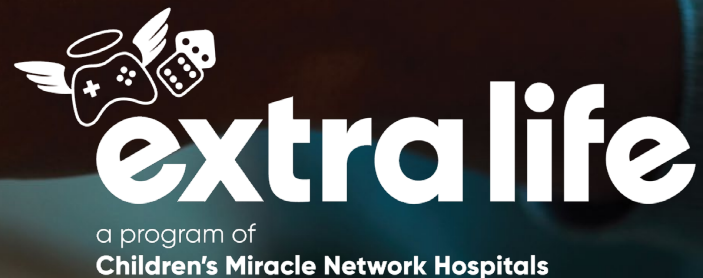

\$23,000

#### EXTRA LIFE

Since 2013, Black Hills area Gamers involved in Extra Life – a Children’s Miracle Network Hospitals fundraising program – have been playing games and healing kids treated at Monument Health.

The annual 24-hour game day engages players across the country and is supported by the South Dakota School of Mines eSports team.

The 2020 event raised more than \$23,000 for Monument Health Foundation’s Children’s Miracle Network program and globally Extra Lifers raised over \$17.4 million across 105 countries for Children’s Miracle Network Hospitals.

\$29,945

TOTAL AMOUNT RAISED  
FOR 2020 PLAY YELLOW  
GOLF TOURNAMENT

#### CMN PLAY YELLOW GOLF TOURNAMENT

In September of 2020, the annual Children’s Miracle Network Golf Tournament was held at Hart Ranch Golf Club. Taking place outdoors and with many COVID-19 precautions in place, the event saw an increase in participation over the year prior — with 22 teams of four players competing. This meant that more funds were raised, too! The 2020 event raised \$29,945 for Monument Health’s Children’s Miracle Network program.

The annual golf tournament has been a part of the local CMN program for nearly 30 years. Over the last few years though, CMN’s golf event has been branded as **Play Yellow**. This aligns it with a national initiative that has partnered Jack and Barbara Nicklaus, with PGA TOUR and Children’s Miracle Network Hospitals in supporting children at local CMN

hospitals through the golf industry.

**Play Yellow** stems from the yellow shirts Jack Nicklaus often wore in the final round of tournaments in honor of Craig Smith, the son of a close family friend and who battled rare bone cancer. Craig passed away in 1971 at the age of 13. Fifteen years later, on the morning of the ‘86 Masters, Jack, at age 46, once again wore a yellow shirt, playing one of golf history’s most iconic rounds and winning his record sixth Green Jacket.

Benefiting from **Play Yellow** are the kids that enter our hospitals every day for care. One hundred percent of the proceeds from the event help fund programs, state-of-the-art medical equipment, services for ill and injured kids and much more.

Thanks to all who sponsored, played, volunteered and helped organize this event.

Thank you for helping make  
South Dakota's Day of Giving  
2020 such a success.

Dec 1, 2020

**GIVES**

#ForSouthDakota

We raised nearly  
**\$49,000**  
Thanks to 158 generous donors.

A generous \$10,000 matching gift from Dream Design international helped propel an influx of donations and made for the Foundation's most successful giving day yet.

**\$17,000+**

RAISED FOR THE CARING  
FOR OUR CAREGIVERS  
FUND IN 2020

## CARING FOR OUR CAREGIVERS FUND

For South Dakota Day of Giving, we asked our caregivers to consider a gift to the Caring for Our Caregivers fund, which helps caregivers who have had a personal crisis in their lives and need financial assistance. We are happy to report that more than 100 caregivers donated to the fund on Giving Tuesday, and more than \$17,000 was raised.

MARK YOUR CALENDARS  
FOR THIS YEAR'S DAY OF GIVING:

**TUESDAY,  
NOV. 30, 2021**

TOTAL AMOUNT  
RAISED FOR 2020 TOUGH  
ENOUGH TO WEAR PINK

\$75,000

### TOUGH ENOUGH TO WEAR PINK

Coinciding with the Foundation's Together We Can campaign, the annual Tough Enough to Wear Pink and Rush Fights Cancer night helped support the expansion of the Monument Health Cancer Care Institute.

Since 2007 more than \$1.6 million has been raised through the Tough Enough to Wear Pink fundraiser and \$75,000 was raised in 2020 alone. The annual campaign culminates in a check presentation during Rodeo Rapid City at the Black Hills Stock Show and Rodeo.

### RUSH FIGHTS CANCER

The Rush Fights Cancer game — held on Saturday, April 17 — marked the 13th year the Rapid City Rush organization held a game in support of our local Monument Health Cancer Care Institute, beginning with their inaugural season. Over that time the Rush have raised over \$318,000 in support of local cancer patients.

This year's efforts were special in that they supported the current Cancer Care Institute Expansion project. Through their specialty jersey auction, a cash collection from fans and proceeds from chuck-a-puck sales, the Rush team raised over \$14,000 this year. This generosity from Rush Nation will fuel the cancer-fighting efforts for thousands of patients who face cancer with courage and determination. Go Rush!

### TEE IT UP FORE CANCER

On Monday, June 21, the 40th Annual Tee It Up Fore Cancer Golf Tournament was held at Arrowhead Country Club. After a year hiatus due to COVID-19, the event came back strong this year, raising \$55,000 for the Monument Health Cancer Care Institute. It is truly an amazing accomplishment to organize an event that has now seen 40 years of success.

In 2015 the Tee It Up Fore Cancer committee made the decision to have this annual event begin to benefit Monument Health Cancer Care Institute. Over that seven-year span, with a year off during the pandemic, they have held six golf tournaments raising a combined \$312,000.

Money raised on behalf of CCI through this event impacts thousands of people that come to Monument Health for care every year. It enables CCI to continually review and update its techniques and technologies to provide leading-edge diagnostics and cancer therapies. CCI uses the best and most current practices and research to deliver the highest quality patient care.

Each year, participants enjoy various competitions, a raffle drawing, lunch, the golf event, followed by an awards ceremony and dinner. This year, 120 player participants, along with sponsors and volunteers, helped make this a fun and successful fundraising event benefiting local cancer patients. It was very heartwarming to see our community come together and recognize the impact they can have on the future of cancer care in the Black Hills.

### PAINT THE ROCK PINK

Since 2008, the second Tuesday of August at The Golf Club at Red Rock has been reserved for the annual Paint the Rock Pink Ladies' Charity Golf Tournament. Despite everything happening with the COVID-19 pandemic, the second Tuesday of August 2020 was no exception.

The event was modified to ensure that all participants were kept safe and healthy. Once change was that instead of the usual shotgun start — where all begin playing at once — players began the tournament at tee off times spaced throughout the day.

These adaptations to the 2020 event did not deter more than 120 ladies from participating, as they recognized the importance of the funds raised from this signature golf tournament. Proceeds from the event support women in the fight against cancer by benefiting the Image Restoration Program at the Monument Health Cancer Care Institute.

Cancer treatment has the potential to impact body image and self-esteem. Support from this event helps provide a variety of items — wigs, hats, scarves, camisoles and other post-surgery items — that aid in the restoration of body image and self-esteem for women after cancer treatments.

Simply having the 2020 event was a huge success. That the event was able to raise \$13,173 to support women in the fight against cancer was a tremendous achievement. Thanks to all who sponsored, played, volunteered and helped organize this event.

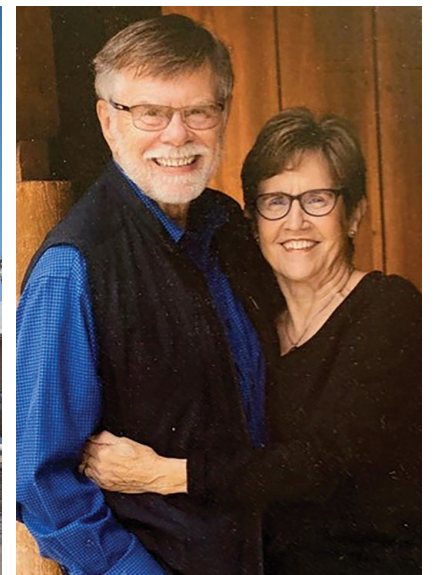

## MAKING A LASTING DIFFERENCE

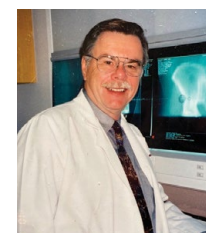

Monument Health Home+ Hospice helps families throughout western South Dakota to support patients who are diagnosed with life-limiting illnesses. Hospice enables patients and their loved ones to live each day as fully and comfortably as possible. Through your support of Hospice Services at Monument Health, we will continue to provide the greatest gift to our patients and their families — peace of mind.

## HONORING A MAN WHO IMPACTED GENERATIONS OF PATIENTS

Dr. Ronald Drummond was a man with vision and heart.

## REMEMBERING PAST GENERATIONS

**DR. RONALD  
DRUMMOND**

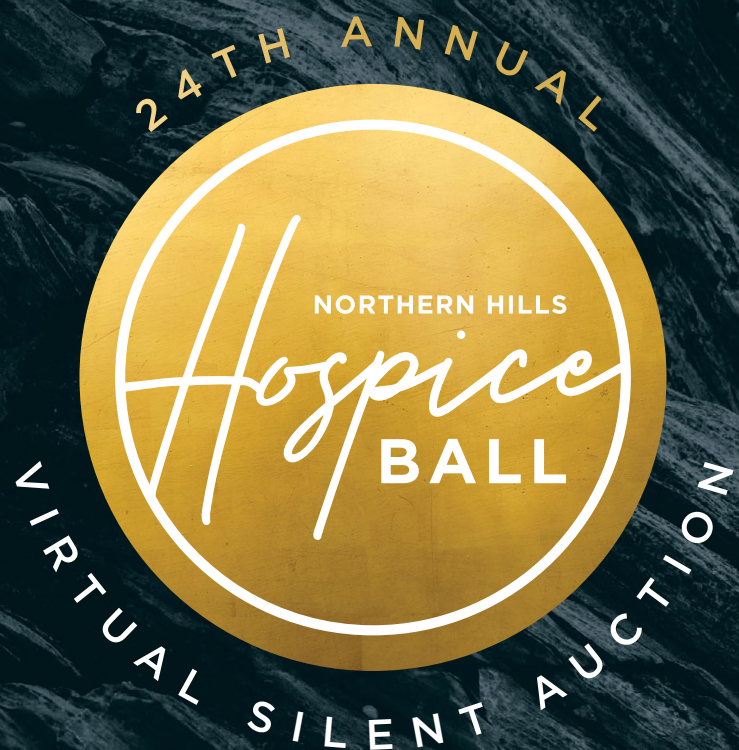

Dr. Drummond was known as a fierce advocate for his patients and a tireless worker for the advancement of treatment options in the Black Hills. He helped cancer treatment in Rapid City grow from a small office to the current state-of-the-art Cancer Care Institute, and helped lay the foundation for the institute's current expansion.

After his death in February 2020, his family wanted to honor his passion. One of Ron's proudest achievements was helping Dodie Brown establish the Hospice House in Rapid City. His family said it was a blessing that he spent his final days there under the skilled and gentle care of an extraordinary staff, many of whom had worked with him over the years.

Donations from Ron's memorial will help provide a sitting area and landscaping at the Labyrinth at the Hospice House.

TOTAL AMOUNT  
RAISED FOR THE 2020 “VIRTUAL”  
NORTHERN HILLS HOSPICE BALL

\$27,964 |

**24TH ANNUAL NORTHERN HILLS HOSPICE BALL - VIRTUAL SILENT AUCTION**

Monument Health Foundation modified the 24th Northern Hills Hospice Ball to an all online format in 2020. Online participants could purchase a “Ball in a Box,” complete with a commemorative tumbler and sweet treats. The online silent auction featured items from getaways to exciting experiences.

Despite not being able to hold an in-person event, more than \$27,000 was raised to support compassionate end-of-life care in the Northern Black Hills. The Foundation expects to hold next year’s event in person in Spearfish.

**GIFTS OF HONOR**

**GIFTS OF HONOR**

These gifts honor a loved one’s life and serve to create memories that live forever. Memorial gifts are a meaningful way to honor a loved one who has passed away and to express appreciation for the care they received. In grateful appreciation to the families who have established a memorial of \$250 or more benefiting programs at Monument Health for fiscal year 2020-2021, we would like to acknowledge the following:

**Cancer Care Institute**  
John and Marlys G. Baird

# FULL LISTING OF 2020-2021 DONORS

Beginning on this page and continuing throughout the report is a full list of our generous donors to the Monument Health Foundation for the fiscal year: July 1, 2020 to June 30, 2021.

**The Granite Society:** The Monument Health Foundation has created the Granite Society to recognize individual donors who have elected to include a Monument Health program in their estate plans or in a planned gift arrangement. A heart (♥) of appreciation has been used to designate our inaugural members and their legacy of support for our organization. If you have been thinking about Monument Health in your estate planning, let us know so that we may properly thank you in next year’s report with your own special designation as a member of the Granite Society.

*Every attempt has been made to list names correctly. If you have changes you would like made to your listing, please call 605-755-9191.*
